
Columbia Area Archers

Newsletter

Meeting nights have CHANGED:

The meeting nights have been changed from the 1st Wednesday of the month to the 1st Thursday of the month. Same time and place.

Future Meeting nights scheduled:

- ❖ Thursday, May 4
 - Bear Hunting Program

Next meeting agenda April 6, 2000:

- ❖ Thursday, April 6
 - Lyme Disease Program.
 - Texas Hunt Report.
 - Discuss dinner at Westphalia Inn
 - Deer Classic Report
 - Bowhunter Education
 - Day with Wildlife
 - Range Repair

Minutes of last meeting March 2, 2000:

- Discussed range repair - will need to be done before April 16th (Day with Wildlife). Will set date and time at April meeting.
- Deer Classic - By this time, the Classic is over. At the meeting, discussion focused on CAA assisting the 4-H with AMO Archery Alley. Speaking for the 4-H, I believe it was a success again this year! Many kids and parents showed much interest in getting involved with 4-H/archery in general.
- Bowhunter Education - The Conservation Dept seems to be handling all classes this year. Two dates and locations at this time, May 13th at Circle T Leather in Fayette, and August 5th at Green Valley Gun Club- Hallsville. Contact Tom Cramer of MDC at 573-884-6861 Ext. 288 for more info.
- Dinner at Westphalia Inn in Westphalia, MO - A supper/nite out has been planned for 7:00PM April 15th. Westphalia is about 15 miles south of Jefferson City down Hwy 63. The Westphalia Inn isn't hard to find in a town of it's size. One church, one main street, one place that looks like an old 1940s hotel (that's it). If you can't find it, ask anyone except a dog where it is and they'll gladly point it out or call Allen Bock 449-7516 for more info.
- Day with Wildlife - As in the past, the CAA will assist the MDC in showing the public the sport of archery. Primarily, we teach kids a few points of target practice at the range located behind the

American Legion Hall while other aspects of MDC/outdoor activities are held inside the hall. Date will be April 16th 12-5PM. If you can help out and can't make the April 6th meeting, let Allen know.

- Hunt - Many of us will be heading down to the King Ranch this last week of March. Rick Lanham gave a brief lecture of the anatomy of the sometimes elusive javelina. Bone and organ structure is quite a bit different from the deer we hunt here in Missouri and many members found this very interesting.
- Respectfully submitted - Allen Bock Secy/
