

## Minutes of November 4th 2005 CAA Meeting

### Treasury Report \$599.01

Meeting started off with Jim W talking about possible future meeting programs and asking members what they would like to see/hear about. At this writing it looks as we may have Tom Hutton of the Missouri Dept of Conservation coming to do a presentation on "Feral Hogs in Missouri" for the Dec 2nd meeting. Not a talk concerning hunting them but more of where the MDC has reports of heavy populations, the destruction they do and related issues.

Meeting continued with reminder to all present that club membership is due now. \$12 for the year 2005, must be paid up member to be eligible for the Mystery Deer Contest. Reminder also to get harvest dates to Allen before the Feb 05 meeting.

With that reminder we went around the room reporting harvest success stories along with the other stories involving the hunting season.

Right now we have 11 club members reporting 15 deer tagged. I'm sure there are many more since Kelly nor Rick have given their totals yet!

Allen introduced the new brochures and club business cards that he had printed up and Jim W instructed members to take as many as they cared to and give to interested and prospective members.

Kenny and Shelia Jurgensmeyer of Moberly were on hand to present the program of "Field Trophy Care and Taxidermy" Kenny had brought in a deer form and cape ready to go on and went through the basic steps and issues involving "Bringin'em back to life" as Kenny fondly calls it. It was a very informative discussion followed by questions and answers.

One last reminder for this newsletter. Club membership is due. Please pay to Allen Bock by mailing to 5768 Bethel Church Road, Columbia MO 65203. Must be paid by Feb 3rd 05 Wild Game Supper and Meeting. At this meeting we will draw for Mystery Deer 1st and 2nd place. \$50 and \$25 Gift Certificates to Powder Horn Gunshop.
