Meeting started with Jim Wiseman speaking of a book he had recieved for Christmas entitled "Backcountry Bowhunting" by Cameron Hanes and also the bow press he had built for himself. Tim Hennessy told a few elk hunting stories-----and a few bear stories from his trip to Colorado.

Everyone present was reminded of the United Bowhunters of Missouri Festival in Jefferson City Feb 3rd and 4th. This will be held in the usual place, the Ramada Inn but now we believe it's name has been changed to the Truman. Saturday morning is best to visit as Sunday late morning it's winding down.

We discussed our annual Eagle Bluffs Bunny hunt Jan 20th. At this writing I can report again the rabbits escaped without harm but the 4 brave souls who battled the ice that day all had a blast. Participating in this event was Miles, Jim W, Kerwin and myself Allen. At the Wild Game Supper Thursday nite we will discuss another outing since the season ends Feb 15th. Rabbits beware! With the ice the rabbits busted out too far ahead of us and ran quite a ways before stopping (average 150yds) but we learn more each time and I predict a nailed bunny next time. Shotguns are the easy way out, we're an archery club and late season rodents are a challenge no doubt! Whoever is the lucky archer will become famous within our ranks.

Remember the Wild Game Supper Thursday Feb 1st. All are welcome after 6PM, Club will provide drinks, plates and service. Please bring a dish and an appetite. We will draw for the Mystery Deer so make sure that you are a current paid member and that we know of your archery deer harvest's. First place is a \$50 Bass Pro Gift Certificate while Second place is a \$25 cert. Hope to see you there!
