

CAA News Letter 2008/11/03

Sorry for the short notice for this months meeting. We were waiting to see what the weather had in store for us.

This months meeting will feature Kelly Veach and his home made smoker. I have been privileged to sample Kelly's cooking on several occasions. I think everyone is in for a treat. Kelly will be out front of the Optimists building starting around 5:00 pm. You are welcome to come out and visit with him while he is cooking. We intend to eat at 7:00 pm. The club will provide the meat, drinks, ice and service. Please bring a side dish and a friend.

Next, we have Kent Sapp and his partner, Mark Niles of Dip Doctors showing his painting process. He and his partner are willing to let us see it in action some evening if enough are interested.

We will start the list for the third round of shirts etc.

It is time to discuss fund raising for the next year.

Finally, our 2 hunts in Texas have been confirmed. Time to collect deposits, and see who is really able to go. Deposits are \$200 per person payable to Lance Johnson. Checks and MO's are fine. If you need a little time, I intend to send them in right after December's meeting. Let me know ASAP if you are going. I'll try to answer questions at the meeting.

Please be sure to e-mail your game pictures to the webmaster so he can put them on our web site. We also need you to put up a picture on the CAA bulletin board at the Powder Horn.

Respectfully, Rick Lanham-Pres.
